JPT Scare Band - Vapour Jamm. CD, £16 ([Unknown - REF10124](#))

Released by band itself. Already in existence since the early 70's performing pure HEAVY ACID PSYCHEDELIA, they prove to be as strong as ever on this album. Excellent heavy psych stuff drenched in full blown acid guitars. If the band would have signed a major contract in

the 70's they would be up there by now in the hall of fame alongside HENDRIX, CREAM, BLACK SABBATH for their guitar-overloads.
