[Dick, the Urban Hippie]

What's up everybody its me, Dick the Urban Hippie. I'm from Kansas City, born and raised. Also, I don't care what anybody says, Kansas City is the best kept secret in the country. We've done just about everything we can think of to kill ourselves but we're still here! 8-1-6 BABY! I pretty much dig all types of music, even country. All types except for those made by Sting and Phil Collins. JPT Scare Band, Green Day, Pink Floyd, Jack Johnson, The Schwag, etc.... Some of my favorite past-times include hood riding, beer-bonging hard alcohol and bleeding from the ears while puking rainbows. When I'm not bustin' serves I'm at school or writing for the Spectrum newspaper. You can probably catch me downtown, drunk. Hit me up!
